

Taking a Stand

A. Gun Control Issues

- a. We believe in:
 - i. Raising the age of gun purchases to 21 or older
 - ii. Establishing stringent background checks for all gun sales
 - iii. Prohibiting people on Federal Watch Lists from being able to purchase guns
 - iv. Limiting magazine capacity
- b. We are opposed to arming and training of teachers and administrators in the carrying and handling of guns on school grounds, but we support a community decision to have an armed police officer providing security to a school.
